

CALM PASTEL

CLASSROOM DECOR MEGA BUNDLE!

There is one thing I love more than classroom decor, and that is **functional classroom decor!**

Not only does it **create warm and inviting spaces** for students, but it doubles as instructional tools that help guide students' learning.

With my new decor collections, **my number one goal has been to include items that are functional and actually beneficial to you as a teacher - beyond being pretty.** This collection has pieces you will refer to **all year long!**

While I LOVE hearing what kinds of items you guys like to see in decor bundles, I am currently **not taking requests to add anything additional to this bundle.** There are, however, many blank templates included, so I encourage you to try to **use those to create what you need.** In the meantime, follow me on Instagram, so you can **vote each summer on what new decor themes and items are added!**
