WHAT TEACHERS ARE SAYING

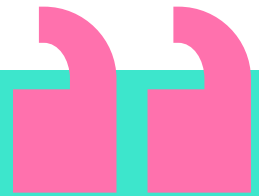

Stephanie never fails me when creating new classroom themes! I thought the one I bought last summer was going to be my favorite theme ever, but I was wrong! This resource is everything you need to help decorate your classroom and make it look cohesive. I am obsessed.

- Emma J., 1st Grade

As a first year teacher I was having a hard time finding a decor bundle that I absolutely loved and that had everything I needed until I came across this one. I instantly fell in love with the colors and designs! The best part is that it has practically everything I will be needing to decorate my classroom. Downloading and editing the files has been so simple and easy to do. I'm so happy with this decor bundle and I can't wait to see my students faces when they see their classroom!

- Iliana A., 2nd Grade

This has to be my absolute favorite design bundle...EVER!!! I love everything about it, especially the editable labels with the cute fonts embedded! The colors are great. The resources are great. Everything about this makes my heart warm and fuzzy and happy all at the same time! Thank you for working on this. I will enjoy this for years to come.

- Leslie W., 3rd Grade

FREQUENTLY ASKED QUESTIONS

When printing the varsity letters or numbers, a black box sometimes shows up.

The black box might be a problem with the PDF reader you might be using. We recommend using Adobe Reader (its free at get.adobe.com/reader). If printing straight from PowerPoint, export your file first as a PDF, then open it using your Adobe reader.

Is the text editable?

Text cannot be erased and changed, but I have included blank templates for you to insert your own text boxes. Clipart and graphics are NOT editable. Blank templates are also included in many resources for you to add anything else you might need! (The Chenille Letters are clipart - NOT text!)

What is the best way to print the resources?

All pages can be printed out on an at-home printer! We recommend printing on cardstock for durability. You can find more info in this blog post: www.ataouchofclassteaching.com/start

Is there, or will there be, a word wall resource included?

There is no word wall resource in this bundle, but you can use some of the editable and blank label templates to create one!

Can you create additional resources for the bundle?

At this time, we are not taking custom orders or planning to add any resources to the bundle. However, with the letters and blank and editable templates that are included, you should be able to create whatever additional resources you might need!
