EVERYTHING I COULD'VE HOPED FOR!

Stephanie provided so many options within each item in the bundle, from different jobs to schedule cards to even just the beautiful different formats. I especially love the customizable options to personalize it to my needs. I cannot wait to put everything up for the coming year, and I know it will create the atmosphere I have been hoping for!

“

TRULY A DREAM!

Compared to many other decor packs I have seen, Stephanie truly knocked it out of the park. Things you don't always think about until the middle of the year she has right there for you!! Not to mention you are added to a Facebook group with more recommendations on how to use your pack!

MORE REAL LIFE EXAMPLES!

Frequently Asked Questions

IS EVERYTHING EDITABLE?

Each item has an editable component, so you can change the text. You will need PowerPoint to edit. The clipart can't be changed, however.

CAN I USE GOOGLE SLIDES TO EDIT?

Google doesn't allow outside fonts, so I never recommend using Google to edit because your text will look distorted. You can use the ready to print PDF files or you can use PowerPoint if you want to edit something.

HOW DO YOU PRINT IT ALL?

All pages can be printed out on an at-home printer! We recommend printing on cardstock for durability. You can find more info in this blog post: www.atouchofclassteaching.com/start
